

To The Owner(s) of 1234 My Street

Hello,

We are Tiffany and John and have recently viewed your home and have connected with it.

It's easy to see how well you both have maintained your home and why it was an easy choice for us.

Together we both loved the walk-in pantry and gas fireplace in the living room.

Although we are recently married we've spent the last 5 years saving money to buy our first home together.

Both of our parents still live in the area and we'd like to start a family and bring our children up here as well.

Your back gardens are beautiful and if given the opportunity we look forward to preserving what you've grown.

Sincerely,

Tiffany and John Myers
